SUMMARY

Systems integrator and freelance developer (5+ years) who connects business tools and automates the work between them, from Laravel platforms and offline-first Flutter apps to scheduled scripts and integrations with Microsoft 365, NetSuite and Google Maps. Cum laude IT graduate.

WORK EXPERIENCE

ENGAGIS INC. **September 2025 – Present**

Systems Support & Integration Analyst

- Build and support five internal and client-facing systems across web, mobile and integrations.
- Rebuilt offline sync for the Flutter technician app, fixing a data-format bug.
- Delivered digital sign-off across a mobile app, a Laravel platform and a client portal.
- Integrated Microsoft 365, Entra ID single sign-on, Google Maps and NetSuite.

CEREBRO DIAGNOSTIC SYSTEM **August 2024 – August 2025**

Mid Level Developer

- Integrated AI tooling into development and ran unit and functionality testing.
- Managed MySQL, SQL Server and Interbase integration, plus DNS, SSL and SMS gateways.
- Refactored legacy code and mentored OJT trainees.

USTP CAGAYAN DE ORO **August 2024 – June 2025**

IT Instructor

- Taught Systems Integration & Architecture, Web Systems and Programming 1.

FREELANCE **5+ years**

Web & Mobile Developer

- Build web and mobile applications for clients on a project basis.
- Built the personal products in my portfolio: payroll, task scheduling, money tracking and transit information.

PORTFOLIO

rylezamayla.github.io Interactive case studies of 10 projects, each with a dated build timeline.

- **Git to NetSuite Time Tracker:** cut my monthly time logging from 2–3 days to 3–4 hours.
- **SwelTrack:** HR and payroll system for Philippine payroll rules.
- **TaskForge:** script executor that schedules Windows tasks from JSON profiles.
- **WAIS:** private, on-device money manager for iPhone and Android, with backup and passcode lock.
- **ISBOGI:** live van-arrival research pilot with a facilitator panel for user testing; all vehicle data is simulated.
